### **Little Wonder High-Output Blowers Offer Exceptional Performance**

Little Wonder High-Output Blowers are ideal for moving stubborn yard debris, removing standing water, preparing asphalt for resurfacing and preparing flat roofs for repair.

Featuring an exclusive centrifugal blower design that works together with a reverse-inclined blade impeller, Little Wonder High-Output Blowers generate a greater volume of air that moves at increased velocity (as compared to traditional flat-blade designs). The curved, aerodynamic inlet draws air in smoothly around the entire inlet area, ensuring adequate air intake even if part of the intake area is blocked by debris.

The Little Wonder High-Output Blowers also feature a patented deflector that splits the air stream to make use of the fastest moving air. No matter how the deflector is positioned, the split air stream promotes more effective debris movement with less "blow-back."

#### **Little Wonder High-Output Blowers Feature:**

- 10-inch diameter steel-hubbed pneumatic wheels
- Comfortable cushion-gripped, height-adjustable, ergonomically designed handle
- Patented deflector that splits the air stream to make use of the fastest moving air
- Centrifugal blower design that works together with a reverse-inclined blade impeller creating a greater volume of air that moves at increased velocity (as compared to traditional flat-blade designs)
- Curved, aerodynamic inlet that draws air in smoothly around the entire inlet area, ensuring adequate air intake even if part of the intake area is blocked by debris
- 12-gauge steel housing with arc-welded seams for maximum strength and durability

All Little Wonder products are constructed for heavy-duty daily usage and are designed with the professional user in mind.

## NEWS RELEASE

Divisions of Schiller-Pfeiffer, Incorporated • 1028 Street Road Southampton PA 18966 USA  
Telephone: 877-596-6337 • Fax: (215) 357-1071

*Little Wonder High-Output Blowers make quick work of any clean-up project that requires “hurricane force” air. The patented deflector splits the air stream to move piles of leaves and debris farther and faster.*

### Model Specifications of Little Wonder High-Output Blowers:

Product No.	9600	9810	9900	9100	9130
Horse Power	6	8	9	10	13
Weight lbs.	125	152	152	161	179
Fuel Capacity	2.8	3.8	6.0	3.8	6.5
Engine Manufacturer	Briggs Intek	Briggs Intek IC	Honda	Briggs Intek IC	Honda
Lift Handle	Yes				
Wheels	10” Pneumatic				
Swivel Wheel Kit	Optional				
Warranty	5 Year Commercial / 5 Year Consumer
